

Hubert Swic

Profile

University of Kent, Business and Management Graduate. Programming hobbyist, with great passion for coding and software development. Self-motivated individual who actively contributes to many open source projects, always looking for ways to improve software or find new more efficient ways of solving problems.

Previous Employment

October 2018 – September 2019

House of Vapes – Sales Assistant

- Dealt with customers in-store as well as over the phone.
- Provided exceptional customer service as well as technical support for customers.
- Oversaw stock checking and ordering products to the store in order to keep the stock levels high. Predicted trends and patterns to products and altered the stock ordering accordingly.
- Worked in a team of 2, and together we were responsible for making sure the store is clean presentable and always stocked up.

August 2017 – September 2017

ComputAppoint – Data Administrator

- Dealt with customers over the phone, as well as email and updated the database with current and updated CV.
- Improved my communication skills and market knowledge, as well as team working skills as I worked as part of the recruitment team.
- Operated as part of a team, and my goal was to update a specific number of users in the database. I've met my goal and surpassed it during my work experience.
- Improved my data entry skills, outlook operation, interpersonal skills as well as time management.

June 2017 – August 2017

Sports Direct – Footwear assistant

- Dealt with customers in person, helped them through the shoe selection process.
- Worked in a team of ten, communicated through radio. Improved my team working skills greatly as well as communication skills, as the terminology can be alien to those outside of the team.
- Improved my efficiency and time management at work, doing multiple things at once, or dealing with few customers at the same time.
- Improved my confidence at approaching new customers and selling additional products with communication and footwear-orientated language.

Education

**2016-2020 BA (Hons) Business and Management [with Year in Industry]
University of Kent, Medway**

Achieved a 2:1 overall grade. Some of my key modules are:

- Contract Law and Consumer Rights
- Data Analysis and Statistics for Business
- Managing People and Teams
- Critical Thinking for Contemporary Business Issues
- Project Management
- Create Your Own Enterprise
- The Management of Operations
- Digital Information Systems: A Management Perspective

**2008-2016 Saint John Bosco College (Formerly John Paul II),
Battersea (Formerly Wandsworth)**

- A Levels: ICT (Dist.), Business (A), Polish (A), Media (C)
- GCSEs: 12 Grades A*-C (Including Mathematics and English)

Additional Skills

IT Skills:

- Expert user of Windows, Lua, MS Office Suite, GitHub (/deviljin112).
- Intermediate at Python, Java, JavaScript, Linux.
- Novice using C#, SQL, HTML, CSS, React/Expo, TypeScript, JQuery.

Languages:

- Polish (fluent)
- English 2nd language (fluent)

Other:

- Full, clean, UK driving licence.

Interests and Achievements

Gaming Development:

- Since the beginning of 2018, I've been part of a small development team of a gaming framework called "ESX". Our open-source project is currently the most used addon, for a game modification called "FiveM". As part of the project we've implemented OOP-like behaviours into a Lua-based engine. The framework is designed for other developers and continues to be the number one choice for FiveM gamers. Developing ESX, involved combining multiple languages such as JavaScript, HTML, CSS and SQL. See my GitHub page (/deviljin112) for source code.

Other Development Projects:

- Over the years I've developed many small personal projects, ranging from AI algorithms, game bots, android programs and games, websites, automated databases as well as home automation systems using Raspberry Pi.

Awards:

- Two student of the year awards, two media awards, two business awards and two ICT award. I have received those awards for academic greatness in the achievements and high level of study during my Sixth Form education.
